LAKE AINSWORTH EXCURSION

The 2-3 students had a fantastic time on their Lake Ainsworth excursion. We have included a few photos in the newsletter. If you would like copies of the photos, Mrs Parnell has asked that you send in a thumb drive and we will load the photos for you.

P & C FUNDRAISER AT GOANNA PULLING

The P & C are running a stall at the Goanna Pulling Championships on the Sunday 2nd October. A note was sent home with last week's newsletter. It would be greatly appreciated if you can spare some time on the day to help on the stall or make cakes to sell. Please return your note tomorrow.

LAST WEEK OF TERM 3

We would like to wish everyone a safe and enjoyable holiday. Rest up as Term 4 is shaping up to be very busy.

HEADLICE

Head Lice are about again. The holidays will be a good opportunity to tackle them "head on" Pardon the pun!!

LIFE EDUCATION VAN VISIT WEEK 2 TERM 4

The Life Education van will visit our school on Monday 17 October 2016. The school will subsidise the cost of this visit reducing the fee to \$5 per child. Please return the attached permission note as soon as possible prior to 12/10/16.

Life Education New South Wales is a community-based, independent organisation at the front line of positive and preventative drug and health education. In NSW over 300,000 students in over 1400 schools take part in the preschool, primary and secondary programs each year. Helping young people make informed decisions about drugs and their health is at the heart of the program, which is driven by the popular Life Education mascot Harold the giraffe.

Specialist educators utilising their experience and training work with schools to develop programs to support the provision of best-practice drug education. Sessions are age specific and sequential with written and electronic resources provided to support both students and teachers in the delivery of ongoing drug education in their classroom. A visit to the mobile Life Education van facilitates the development of students' knowledge and skills to identify risks and make informed decisions.

Ruben Shanahan—Bucket Filler of the Week

Congratulations to our award recipients for last week.

4/5/6 News

Throughout the term we have been working with scale, measurement, length, area and perimeter in mathematics. Students have had the opportunity to design, measure and price the cost of a soccer goal and to fix the existing issue of the ball being kicked over the fence. The fence design was the most challenging as students had to ensure that the gates could still be opened.

Using PVC pipe and their designs our class did a fantastic job at designing the fence extension and the soccer goal. Well done everyone!

We are now waiting to see if any of our designs need to be modified. We may even get a chance to redesign a new soccer goal for the other end of the playground.

We linked our persuasive writing to the making of our designs. Focusing on audience, students then wrote persuasive letters to Mrs Parnell asking for her permission to purchase and build the fence extension and soccer goals. Mrs Parnell said they were very persuasive!

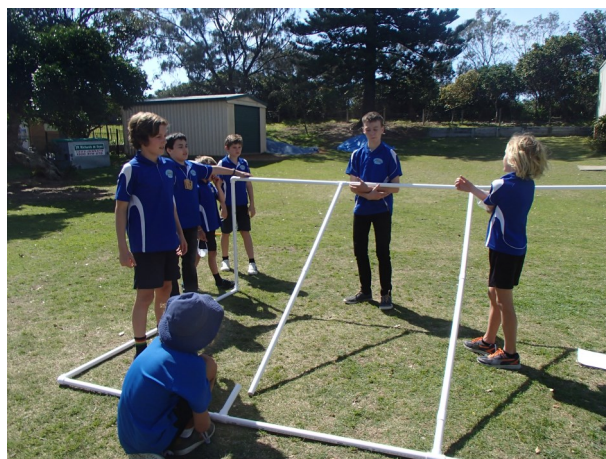

We are beginning to work on our Cineliteracy project for next term. Students are creating a Stop Motion film based on the Kim Michelle Toft book The Twelve Underwater Days of Christmas.

We are hoping to finish our major artwork for the year with our wood burning concluding this week. Everyone has been very thoughtful and creative in their designs.

Thank you for the prompt return of permission notes for our excursion to the Gorge next term.

Wishing you all a safe and happy holiday break. Please keep reading kids! See you all for a busy term 4!
